Product Description

110V Electric Mortar Grout Gun Portable Pointing Grouting Caulking Sprayer with 2 Nozzles

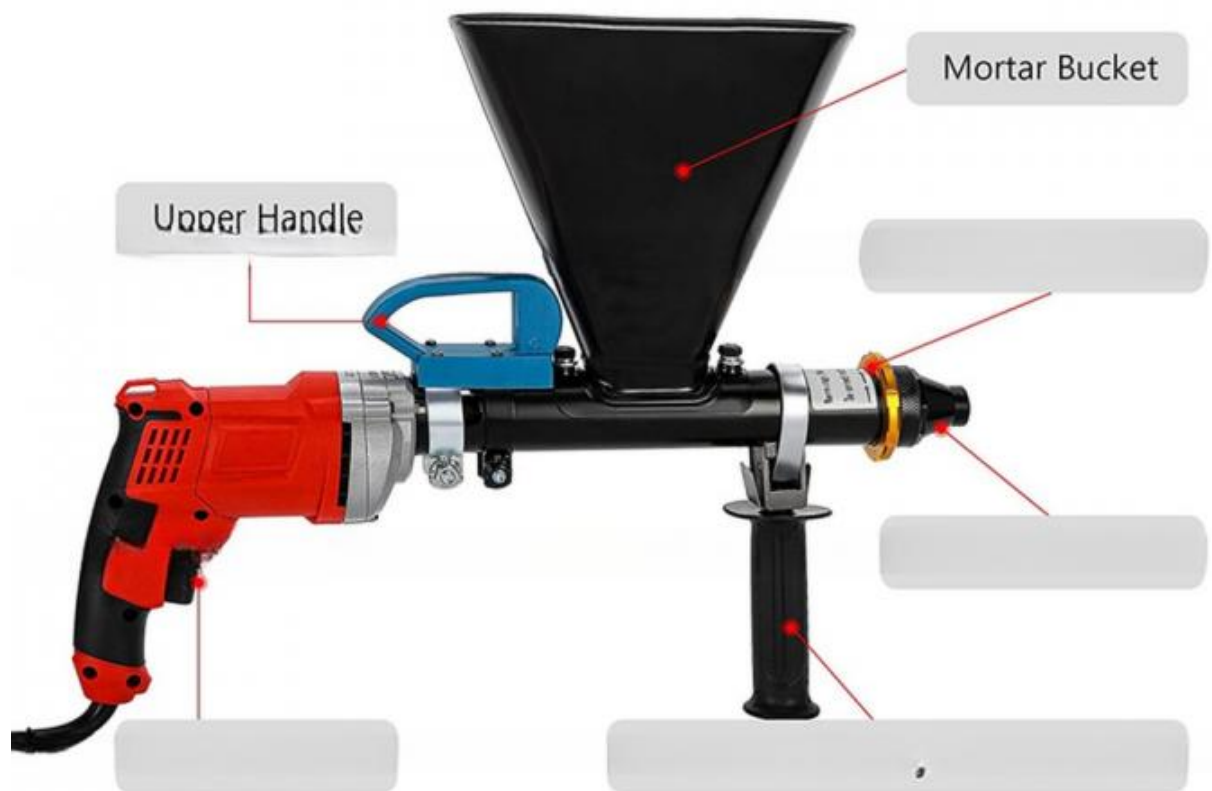

- * **[High Efficiency]** The caulk gun can replace manual joint filling construction, which doubles the work efficiency. The operation is simple, and for ordinary workers, it can be operated without special training.
- * **[Portable & Labor-saving]** The net weight of the machine is about 8.8lbs(4kg), which is more labor-saving compared to large grouting machines, convenient to carry, and meets the needs of home decoration or small projects.
- * **[Premium Features]** Adopts the upper handle design, the empty machine or loaded materials are carried more stably; equipped with a portable wrench to improve work efficiency.
- * **[Replacable Nozzles]** Equipped with two replaceable nozzles, round nozzle and flat nozzle. Choose nozzles according to different environments to reduce material waste.
- * **[Wide Range of Applications]** The caulking machine can use cement mortar, putty powder, sealant, beautifying agent and other materials with good fluidity to fill the ground gaps, tile gaps, and cracks.

Important Note

- * Mortar gun is electric, not automatic, please kindly understand. You need to add mortar manually.
- * Electric mortar sprayer is a small machine and cannot work continuously. It is recommended to work for half an hour and rest for 3-5 minutes. Otherwise, the motor is easily damaged.
- * It is suitable for mortar with good fluidity. If you are not sure whether it can be used, please consult us through the chatting window.

FAQ

- Question(Q): What is the MOQ for each product?
- Answer(A): For retail, we can do any quantity for you and they will be sent by express. For wholesale, the MOQ usually is 500pcs. You can also mix different items and we can ship them to you by sea altogether. For details pls contact us by email or online chatting.
- Q: What is the lead time and shipping time?
- A: Goods usually take about 30 days to finish. It will take about 15 to 35 days on the sea from shipping port to destination port. For South Asia and Oceania, it usually takes about 15days. For other regions, it usually takes about 25 to 35 days. The shipping time is changing with the distance and the shipping company we choose.
- Q: Can the products be made with our logo or brand?
- A: Yes, of course we can make. We are OEM supplier for years and able to customize your logo and packaging, but you need to give us the authorization and design.
- Q: What can we do if we are interested in your products?
- A: Pls send us your precious inquiry on our website or talk directly to us by trade manager. Sometimes it will be more efficient if you talk with us online. We can know each other and the products you want more clearly by talking online.

- Q: How can we place the order?
 - A: after we confirm everything necessary for the order,including detailed products you want,prices,payment terms, packing ways and other details, we will draft the contract. Usually we will send to you the PI(proforma invoice) for advance payment first. Then we will arrange the production. After the goods are ready we will contact you for shipping.
 - Q: How do I know the products' quality and the packing ways are the ones we required?
 - A: Each product will be tested before sending out. We will send you photos of the goods for you to confirm.
 - Q: How do we make the payment?
 - A: We usually accept the payment by T/T, west union and other payment ways. We will confirm this when we conclude the order.
- Any questions, pls feel free to contact us. We will negotiate everything well for our mutual benefit.
