Aluminum material, solid and durable, lightweight and compact.

Corrosion and wear resistant. High expansion, small shrinkage, strong bonding, suitable for balcony doors and windows.

Ergonomic design means it's comfortable to use for long periods of time.

No post-dispensing foam drip. Spring trigger allows you to accurately control flow, less foam waste.

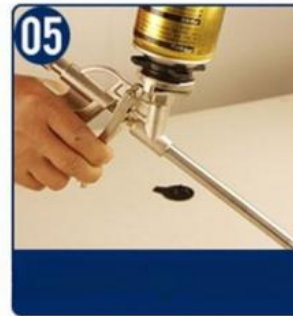

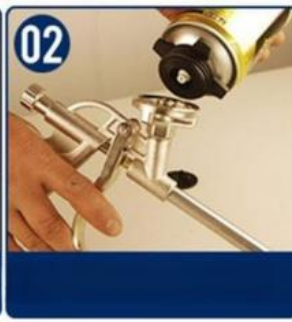

Ideal for filling, sealing and insulating small gaps. No squeeze the wall and pipe, waterproof moisture, prevent pest control into the room.

How to use the Small Polyurethane Foam Gun?

1. Taking a polyurethane foam gun, cleaning with polyurethane detergent to ensure unimpeded.
2. Taking a bottle of vesicant, holding the middle of the tank body by hand, shaking the can body along the horizontal direction for at least 20 times to ensure that the tank pre-polymer fully mixed.
3. Removing the detergent on the foaming gun, taking off the cover on the threaded valve of the vesicant, screwing the vesicant tank to the foam gun interface along the thread
4. Gripping the foaming gun to ensure that the vesicant tank is on the top and the foam gun is under the tank, and then opening flow control valve of the rear of the foaming gun.
5. The tip is aimed at the bottom or inside of the part to be filled. It will start the construction when gently pull the trigger. It can be adjusted to the appropriate flow through the flow control valve behind the foam gun.
6. After a tank of spray, if you want to fill, you can immediately remove the empty cans, according to the step 3 to re-install the vesicant to continue construction.
7. When you finished, please remove the material in time and put on a special cleaning detergent to clean the foam gun to prevent the residual material curing plug foam gun.

Simple operation, looks beautiful after caulking gap. Not squeeze the wall and pipe, waterproof moisture, prevent pest control into the room.

Repair air conditioning holes.

Company Information

Hangzhou Hachi Technology is a leading manufacturer and professional exporter of building tools in China. Hachi Technology was a family enterprise and has been in this line for more than 10 years with many experiences. With the professional working team, specialized workers, strictly quality control and 24 hours online service, we are sure we can provide you good service and experience.

Our company will continuously strive to create new & innovative products. Our company is dedicated to "market orientation, customer satisfaction, and quality assurance", and provides customers with excellent service, high quality, the best price and on-time delivery in order to cater for customers' demands. We warmly welcome your patronage. OEM / ODM orders as well as design and manufacture of new models with customer's label or logo are enthusiastically accepted.

We sincerely look forward to establishing long-term, reliable and mutually beneficial business partnerships with all customers from at home and abroad.

FAQ

Question(Q): What is the MOQ for each product?

Answer(A): for retail, we can do any quantity for you and they will be sent by express.

For wholesale, the MOQ usually is 500 pcs. You can also mix different items and we can ship them by sea together. For details please contact us by email or online talking.

Q: What is the lead time and shipping time?

A: goods usually take about 30 days to finish. It will take about 15 to 35 days on the sea from shipping port to destination port. For South Asia and Oceania, it usually takes about 15 days. For other regions, it usually takes about 25 to 35 days. The shipping time is changing with the distance and the shipping company we choose.

Q: Can the products be made with our logo or brand?

A: Yes of course we can make. We are OEM supplier for years and professional to make. But you need to give us the authorization if it is necessary.

Q: What can we do if we are interested in your products?

A: Please send us your precious inquiry on our website or talk directly with us by trade manager. Sometimes it will be more efficient for you to talk with us online. We can know each other and the products you want more clearly by talking.

Q: How do we place the order?

A: after we confirm everything necessary for the order, including detailed products you want, prices, payment terms, packing ways and other details, we will sign the contract. Usually we will send you the PI (proforma invoice) for advance payment first. Then we will arrange the production. After

the goods are ready we will contact with you for shipping.

Q: How do i know the products' quality and the packing ways are the ones we required?

A: Each product will be tested before sending out. We will send you photos for the goods to confirm again the packing ways.

Q: How do we make the payment?

A: we usually accept the payment by T/T, west union and other payment ways. We will confirm this when we conclude the order.

Any questions pls feel free to tell us. We will negotiate everything well for our mutual benefit.
