Product Description

Product Description

Economy Type Construction Polyurethane PU Foam Gun

The most important difference between Fangrui foam gun and other is that you need not buy cleaner.

Save your money. Fangrui a brand committed to developing and producing high quality home improvement tools which improve life quality and work efficiency.

The "Long Gun" offers reduced bending and reaching do to its extra long nozzle. It is very well built, and is a reliable alternative to more expensive can foam guns. With proper care and cleaning this gun can last as long as the more expensive ones. No replacement parts are offered for this gun, but the internal moving parts are coated for added protection from corrosion.

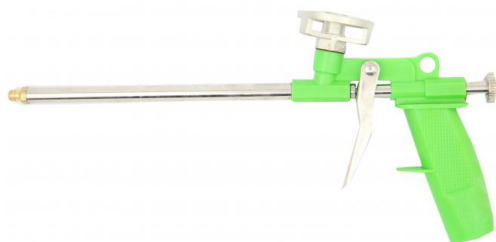

Specifications:

1. Copper Tip: the copper tip will make the spray fluent and will not be blocked.
2. Iron Barrel: the iron barrel is covered with the PTFE which makes it very easy to clean.
3. Trigger:: Press the trigger to spray foam.
4. Valve: When using, rotate down to open it. After using, rotate up to close.
5. Entrance: connect foam can with the entrance and fasten.
6. Controller: rotate the controller to adjust spray speed.
7. Ergonomic handle: hold the handle when spray.

Note:

1. when playing foaming agent, open the switch on the foam gun, pull the trigger. when you stop using it, remember to turn off the switch first, and then continue to pull the trigger for 4-5 times to blow up the remaining foaming agent in the barrel, so that it will not stick next time you use it.
2. While hardened foam on the outside is more difficult to remove, you will be able to get it off using the cleaner in small amounts. IMPORTANT; be very careful not to scratch or damage the "Ball stopper" in the gun where the can attaches!

We could do any length foam gun as you need. the surface finish and packing we could also make as your need. Our main market is North America, Europe and Australia.

FAQ

- Question(Q): What is the MOQ for each product?
- Answer(A): For retail, we can do any quantity for you and they will be sent by express. For wholesale, the MOQ usually is 500pcs. You can also mix different items and we can ship them to you by sea altogether. For details pls contact us by email or online chatting.
- Q: What is the lead time and shipping time?
- A: Goods usually take about 30 days to finish. It will take about 15 to 35 days on the sea from shipping port to destination port. For South Asia and Oceania, it usually takes about 15days. For other regions, it usually takes about 25 to 35 days. The shipping time is changing with the distance and the shipping company we choose.

· Q: Can the products be made with our logo or brand?

· A: Yes, of course we can make. We are OEM supplier for years and able to customize your logo and packaging, but you need to give us the authorization and design.

· Q: What can we do if we are interested in your products?

· A: Pls send us your precious inquiry on our website or talk directly to us by trade manager. Sometimes it will be more efficient if you talk with us online. We can know each other and the products you want more clearly by talking online.

· Q: How can we place the order?

· A: after we confirm everything necessary for the order,including detailed products you want,prices,payment terms, packing ways and other details, we will draft the contract. Usually we will send to you the PI(proforma invoice) for advance payment first. Then we will arrange the production. After the goods are ready we will contact you for shipping.

· Q: How do I know the products' quality and the packing ways are the ones we required?

· A: Each product will be tested before sending out. We will send you photos of the goods for you to confirm.

· Q: How do we make the payment?

· A: We usually accept the payment by T/T, west union and other payment ways. We will confirm this when we conclude the order.

Any questions, pls feel free to contact us. We will negotiate everything well for our mutual benefit.
