Product Description

Heavy Duty Electric Metal Can Crusher for 6oz&16oz&24oz Aluminum Cans and Plastic Water Bottle

* Electric can crushers for recycling: only need to connect your home power supply to work, without additional connection to the air compressor. Easily crush 16oz/12oz or other types of aluminum or metal cans, making recycling a breeze. It is more labor-saving than mechanical models and more convenient than the Pneumatic Can Crusher.

* Sturdy components: The shell is made of metal material with anti-oxidation and anti-corrosion treatment on the surface, which is durable and wear-resistant. Besides, the heavy-duty can crusher has a thick frame with high impact resistance, long service life and no easy breakage or deformation, making it ideal for long-term use in the home.

* Space saving: Electric can crusher that saves space in your trash or recycling bin by compressing to about 20% of its original size. For use with standard 12 oz and 16 oz aluminum can and 6oz~12oz plastic water bottle; Maximum Can to be crushed: OD 3.3 inch, Height 7.2 inch.

* Safe and reliable: the electric can crusher is key control, and its speed is moderate, and it will not be fast. When you release the button, it will stop working, which can well avoid injuries and accidents, and is a can crusher that is safe for the elderly and children to use.

* Wide range of application: Our can crusher is suitable for large and small aluminum cans, such as beer cans, soda cans, juice cans, coffee cans, etc. Professional plastic bottle can garbage shredding tool can save a ton of rubbish space, ideal for weddings, birthdays, holidays, Christmas and other parties.

FAQ

- Question(Q): What is the MOQ for each product?
- Answer(A): For retail, we can do any quantity for you and they will be sent by express. For wholesale, the MOQ usually is 500pcs. You can also mix different items and we can ship them to you by sea altogether. For details pls contact us by email or online chatting.
- Q: What is the lead time and shipping time?
- A: Goods usually take about 30 days to finish. It will take about 15 to 35 days on the sea from shipping port to destination port. For South Asia and Oceania, it usually takes about 15days. For other regions, it usually takes about 25 to 35 days. The shipping time is changing with the distance and the shipping company we choose.

· Q: Can the products be made with our logo or brand?

· A: Yes, of course we can make. We are OEM supplier for years and able to customize your logo and packaging, but you need to give us the authorization and design.

· Q: What can we do if we are interested in your products?

· A: Pls send us your precious inquiry on our website or talk directly to us by trade manager. Sometimes it will be more efficient if you talk with us online. We can know each other and the products you want more clearly by talking online.

· Q: How can we place the order?

· A: after we confirm everything necessary for the order,including detailed products you want,prices,payment terms, packing ways and other details, we will draft the contract. Usually we will send to you the PI(proforma invoice) for advance payment first. Then we will arrange the production. After the goods are ready we will contact you for shipping.

· Q: How do I know the products' quality and the packing ways are the ones we required?

· A: Each product will be tested before sending out. We will send you photos of the goods for you to confirm.

· Q: How do we make the payment?

· A: We usually accept the payment by T/T, west union and other payment ways. We will confirm this when we conclude the order.

Any questions, pls feel free to contact us. We will negotiate everything well for our mutual benefit.
